

VI DERM Clinical Skincare

from the makers of the #1 Chemical Peel

Clinical Formulas for Professional Results

The Vitality Institute offers a full line of clinical skincare products specifically formulated to fight pigment, lift sun damage, alleviate acne and scarring and fight fine lines and wrinkles.

	<p>LIFT DARK SPOTS AND SUN DAMAGE</p> <p>Dark Spot Lifting Serum with 5% Tranexamic Acid</p>	<p>5% Tranexamic Acid: A potent acid that helps correct existing dark spots and sun damage</p> <p>Kojic Acid: Suppresses excess melanin production to prevent future dark spots</p> <p>Lactic Acid: An AHA that gently exfoliates and resurfaces skin to help other pigment-fighting ingredients penetrate deeper</p> <p>Niacinamide: Hydrates, protects skin barrier, and fades skin discoloration</p> <p>Centella Asiatica Leaf Extract: Soothes, hydrates, and protects to decrease inflammation, strengthening the skin with every use</p>
	<p>RESURFACE AND SOFTEN WRINKLES</p> <p>Retinol Age-Defying Treatment Moisturizer</p>	<p>Glycolic Acid 10%: Resurfaces skin texture and tone</p> <p>Retinol: Stimulates cell turnover to help minimize signs of aging, visibly reduce pore size, and clear away dead skin cells that can lead to breakouts</p> <p>THD Ascorbate (Vitamin C): A stable and more efficacious form of Vitamin C that enhances collagen production, defends against free radical damage, and brightens for a more radiant complexion.</p> <p>Aloe Vera: Soothes, softens, hydrates, and prevents Trans-Epidermal Water Loss</p>
	<p>BRIGHTEN COMPLEXION</p> <p>Vitamin C Brightening Concentrate</p>	<p>10% THD Ascorbate (Vitamin C): A stable and more efficacious form of Vitamin C that enhances collagen production, defends against free radical damage, and brightens for a more radiant complexion. Also helps shield the skin from UVA/UVB damage</p> <p>Cyclopentasiloxane: Fills fine lines and wrinkles for a visible plumping effect</p>
	<p>FIGHT PIGMENT, WRINKLES, AND ACNE</p> <p>Retinoic Serum with 0.1% Tretinoin (Rx)</p>	<p>Tretinoin 0.1%: Proven in clinical trials to transform the look of skin by speeding up cell turnover. Helps minimize the look of sun damage and wrinkles while keeping pores clear</p> <p>Ascorbic Acid (Vitamin C): Antioxidant; shields against free radical damage, stimulates collagen production, and brightens</p> <p>Vitamin E: Potent antioxidant that has the ability to protect, repair, and add hydration to skin</p>
	<p>CORRECT STUBBORN PIGMENT</p> <p>Skin Lightening Complex with 4% Hydroquinone (Rx)</p>	<p>Hydroquinone: Effective skin lightening ingredient for a decrease in hyperpigmentation, reducing brown spots and age spots, and melasma</p> <p>Vitamin A: Stimulates cell turnover to renew; helps minimize signs of wrinkles for healthier-looking skin</p> <p>Arnica Montana: An anti-inflammatory that improves skin health and helps stimulate circulation</p> <p>Kojic Acid, Alpha Arbutin, and Licorice Root: Botanical skin brighteners that boost Hydroquinone's power</p>
